- All bicycle measurement checking shall be carried out in the equipment check area before entering the track. Riders must come for bicycle-check in adequate time prior to their start. Checking will also be carried out 15 minutes prior to commencing each session of the competition. **Teams are responsible for verifying the legality of replacement equipment that may be used in any event.** Commissaires are entitled to double check positions after the race. TECHNICAL INFORMATION – REMINDER OF DISPOSITIONS

Amendments to regulations as of 01.08.2023

- Please note that amendments to the UCI regulations have come into effect on August 1st 2023. The amendments are available on the UCI website (under Regulations).

General

- If riders wearing the same team clothing ride in the same race, they shall bear some item to clearly distinguish between them.
- Riders may carry no object on them or on their bicycles that could drop onto the track. Any electronic device with a display must be hidden from the rider's sight so that it cannot be read by the rider.

Conduct of riders

- Riders shall refrain from any collusion, manoeuvre or movement likely to hinder the conduct or distort the result of the race. In the case of collusion between riders, the commissaires may disqualify the riders concerned. In addition, while riding on the track, riders shall at all times be in firm control of the bicycle and have at least one hand on the handlebar (or extension). (art. 3.2.002)

Warnings – disqualification

- Any offence not specifically penalised and any unsporting behaviour may be punished by a warning, indicated by a yellow flag, or by disqualification, indicated by a red flag, according to the gravity of the fault, notwithstanding the fine provided for in article 12.3.005. On each occasion the commissaires will indicate at the same time the race number of the faulting rider. The warning and disqualification are relative to one competition only. If a rider is relegated in an event, that relegation may also carry with it a warning, depending on the gravity, intent and impact of the fault. If a rider is issued a warning in an event, the warning will also be carried to the other events within the same competition. A rider receiving a second warning, or being relegated for the third time, is disqualified for the rest of the competition. A rider disqualified in an event for sporting conduct is effectively disqualified for the entire competition. (art. 3.10.003, modified on 01.08.23)

Neutralisation

- Unless otherwise provided in a specific provision, in the case of a recognised mishap of a rider or a team in a bunch event including Madison, the rider or the team shall be entitled to a neutralisation during the number of laps closest to 1250 metres (4 laps on a 333,33m-track), counted from the moment of the mishap until he has resumed his position that he occupied before the mishap. (art. 3.2.020bis)

Restart in standing start events

- In each round of a standing start event, a team or a rider is only permitted two starts.
A restart shall only be given in the result of a false start, or in the event of a recognised mishap as per article 3.2.021.
- If a team or rider stops after suffering a mishap and the starter determines it is not a recognised mishap, the team or rider shall be disqualified from the qualifying round of the event, or be relegated in the following rounds. (art. 3.2.021ter, modified on 01.08.23)

Sprint & 200 meter Time Trial

- Riders shall wear both number panels during the qualifying 200 meters Time Trial.
- When pushing their rider at the start of the 200m, coaches must remain on the safety zone and not go further than the pursuit line while pushing. Failure to respect this directive will result in a fine for not following the commissaires instructions.

Individual Pursuit

- The Championships shall be conducted as follows: the two fastest riders in the qualifying round will contest the final for first and second place and the next two fastest riders will contest the final for third and fourth place.
- During the qualifying round, 2 riders will ride during each heat, one starting on the home straight pursuit line, one on the back straight pursuit line.
- Other than the riders qualifying for the finals, the remaining riders will be classified in accordance with the times recorded in the Qualifying Round.

TT Km and 500 m.

- The event will be run in two phases with a qualifying round to find the best 8 riders to contest the finals (art. 3.2.106 & 3.2.106 bis). Riders will ride the qualifying round with 1 rider on the track.

Team Pursuit

- The event is organized in 3 phases as per UCI track regulations, article 3.2.085.
- In the qualifying round, teams shall take to the track one at a time.
- During the first round in case of one team catches another, the commissaires will show a red flag to the team being caught. From this moment the team is not allowed to do a relay on pain of disqualification (art. 3.2.097).
- In the qualifying and the first round all teams need to cover the full distance to record a time, except a team in the last two heats of the first round which catches their opponent. In the event of a catch in either of the last two heats of the first round, the team catching their opponent shall stop as soon as possible to allow their opponents to continue and record a time. Teams caught may not ride in the slipstream of their opponents nor pass them. Teams which catch their opponent may not ride in their slipstream (art 3.2.056/3.2.086).
- The team of a rider which has stopped following a recognised mishap shall restart at the end of the qualifying rounds, or at a suitable position not to disrupt the preparation of other teams as decided by the Commissaires' Panel.

Team Sprint

- The event is organized in 3 phases as per UCI track regulations, article 3.2.145.
- The qualification heats will be run one team at a time on the track.

Keirin

- The motorized pacer will leave the track in the home straight with 2 laps to go after completing 2 laps with the riders behind him.
- At the start, riders shall take their positions determined by the draw, directly behind the pacer, for at least the first lap, failing which the race shall be stopped and riders that failed to comply shall be disqualified (art. 3.2.139).

Madison

- Riders shall wear special number panels which will be distributed the day of the race at the commissaire's area inside the track. Numbers will be available at the latest 30 minutes prior to the start of the program.
- No feeding is permitted during the race.

Elimination (as a stand alone Championship)

- The order of the riders shall be determined according to the UCI regulations, in respect to the current UCI Elimination Individual Ranking.
- The order for non-ranked riders, will be done by drawing lots during the Team Managers' meeting as follows:
 - 1st draw – riders of teams present at the Team Managers' meeting
 - 2nd draw – riders of teams not present at the Team Managers' meeting
- During the start, holders are allowed to push their riders, but are not allowed to move from their position while pushing in order to avoid crashes at the start.
- If no decision can be made about which rider to eliminate, then no riders shall be eliminated until the next sprint. This shall be indicated by a green flag in corner 3.
- An eliminated rider shall leave the track immediately, failing which he shall be penalised depending on the gravity of the situation (relegation with a warning, or disqualification).
- Coaches or Managers who instruct or encourage their rider to continue racing following the announcement of their elimination will be penalised by a fine of CHF 500 as per UCI Regulation 3.10.008-6.3. Subject to the same penalties, no team representative can approach or try to dispute any decision made by Commissaires during the course of the race.

Omnium

- Riders shall be lined up in single file along the railing and in the sprinters lane in the order listed on the startlist. This order shall be based on the current UCI Omnium ranking.
